UNAIZ AHMED BAJWA

IT Project Manager | ERP Integration & Delivery Leadership | Software Engineering & Team Leadership

Karachi, Pakistan | unaiz.bajwa7599@gmail.com | +92 315 2314976 | linkedin.com/in/unaiz-ahmed-bajwa-236a51237

PROFESSIONAL SUMMARY

Technology leader with 7+ years of experience spanning software engineering, ERP customization/integration, and end-to-end IT project delivery. Formerly Principal Software Engineer at InterPay, planning and managing delivery of enterprise-grade systems - including a Point-of-Sale platform and a Travel & Airlines Reservation System - from initiation through deployment, while coordinating cross-functional teams, third-party vendors, and business stakeholders. Proven track record of managing project scope, resources, risk, and timelines across concurrent enterprise platforms (CRM, HRM, Construction Site Management), mentoring engineering teams, and enforcing SOLID, TDD, and CI/CD best practices. Skilled at translating business requirements into technical roadmaps and building strong stakeholder and vendor relationships to keep projects on schedule, in scope, and within budget.

CORE SKILLS

Project Management: Project Planning & Scheduling • Scope, Risk & Resource Management • Stakeholder & Vendor Management • Cross-Functional Team Leadership • Full-Cycle SDLC Ownership • Agile/Iterative Delivery • Budget & Timeline Management • Business-Technical Coordination

ERP & Systems: ERP Customization & Integration • Third-Party API Integration (6+ Airline/GDS APIs) • Microservices Architecture • Enterprise System Design

Technical: PHP / Core PHP • Laravel Framework • OOP • MVC • Eloquent ORM • RESTful API Design • MySQL • PostgreSQL • Database Design & Optimization • JavaScript/jQuery/AJAX • Node.js • AWS/Cloud Platforms • CI/CD Pipelines • Web Security • Performance Optimization

PROFESSIONAL EXPERIENCE

Principal Software Engineer
May 2025 – Oct 2026

InterPay — Karachi, Pakistan

- Plan and manage end-to-end delivery of an enterprise Point-of-Sale (POS) system from initiation to deployment, coordinating scope, resources, and timelines across a scalable Laravel-based backend, RESTful APIs, and database structures supporting 500+ daily transactions across multiple retail outlets.
- Manage full-cycle delivery of a comprehensive Travel & Airlines Reservation System, coordinating with 6+ third-party airline/GDS vendors and owning ticketing workflows and end-to-end booking logic.
- Lead and mentor a cross-functional engineering team of 6, managing workload, code reviews, and adoption of SOLID principles, Test-Driven Development, and CI/CD pipelines.
- Partner with business stakeholders and vendors to translate requirements into technical roadmaps and project plans, overseeing the full software development lifecycle from analysis through deployment and maintenance.
- Improve system performance and scalability, reducing average API response time by 30% through database optimization, caching strategies, and AWS cloud integration.
- Manage ERP customization and integration efforts as part of a broader enterprise systems portfolio, coordinating between technical and business teams.

Senior Team Lead
May 2021 – April 2025

Tafsol Technologies — Karachi, Pakistan

- Managed planning and delivery of 3 concurrent enterprise-grade platforms (CRM, HRM, Construction Site Management), coordinating scope, resources, and priorities across a team of 8 developers.
- Directed database design, migrations, and performance optimization across multiple concurrent projects, improving average query performance by 25% and ensuring high availability.
- Collaborated with frontend developers and business stakeholders to deliver seamless, end-to-end user experiences across all platforms, on schedule.
- Provided technical mentorship and conducted regular code reviews, raising team-wide code quality and engineering standards.
- Coordinated integration of third-party APIs and ERP/business systems, ensuring smooth data flow between CRM, HRM, and ERP modules.
- Managed feature delivery, risk, and issue resolution, reducing post-release production issues by 20% through rigorous testing and QA processes.

Dot Net Developer — Intern **Oct 2019 – Dec 2019**

Smart Milestones — Karachi, Pakistan

- Developed software applications using .NET frameworks (C#, ASP.NET) and integrated SQL Server data storage solutions.
- Participated in code reviews, testing, debugging, and troubleshooting following industry best practices.

Customer Service Relations — Intern **Jan 2020 – Apr 2020**

Bayer Pakistan Pvt Limited — Karachi, Pakistan

- Managed CRM data and customer communications, analyzing feedback trends to support service improvement initiatives.

KEY PROJECTS

Point-of-Sale (POS) System — InterPay

Stack: Laravel, PHP, MySQL, RESTful APIs, AWS

- Real-time retail platform handling billing, inventory, and reporting across multiple outlets, planned and delivered for high transaction throughput and reliability.

Travel & Airlines Reservation System — InterPay

Stack: Laravel, Node.js, PostgreSQL, RESTful APIs, Third-Party Airline/GDS Integrations, AWS

- End-to-end airline ticketing and reservation platform coordinating multiple third-party airline/GDS vendors to deliver bookings, fare rules, and itinerary management.

CRM Platform — Tafsol Technologies

- Customer relationship management system streamlining sales pipelines, support tickets, and customer communication workflows.

HRM (Human Resource Management) System — Tafsol Technologies

- HR platform covering employee records, attendance tracking, and payroll workflows for enterprise clients.

Construction Site Management System — Tafsol Technologies

- Platform for managing construction site operations, resource allocation, and project progress tracking.

EDUCATION

BS in Computer Science — Iqra University, Karachi 2017 – 2021

Intermediate — Govt. Dehli College, Karachi 2015 – 2017

CERTIFICATIONS

- Google IT Support Professional Certificate — Coursera, 2023
- The Complete Web Developer Bootcamp — Udemy, 2023
- AWS Educate (for Students & Beginners) — Amazon Web Services, 2022

AWARDS

- Leadership Excellence Award — Final Year Project, Iqra University, 2022
